

## Poster Session Information

At the workshop, a large board will be available for each poster presentation. The board is approximately **1.8 meters wide** and **1.2 meters high**. Drawing pins and adhesive tape will be provided.

Other equipments (VCR, monitor, etc) may be available with your own expense. Please inform the committee in advance by October 11.

Pictures and labels should be large enough to be read at a distance of approximately about 2 meters. Layouts on the board will be much easier to accomplish if sequence and positioning are determined in advance.

Each poster will be displayed on the specified day. Authors must be at their poster's location for discussion during at least the specified period. The date and time will be indicated in the workshop program.
