The Best Poster Award is given to the best poster presenter. Award selection is based on votes by all participants. Three voting sheets shall be found in the conference bag. Each participant votes his/her best presentation in the respective poster sessions. The ballot box will be closed when Session 15 starts. The winner will be announced and commended at the conference closing.

For presenters in oral sessions

All oral presentations will be given in a single track. The oral sessions are planned to take place in Harmony Hall. Presenters are requested to observe the following points:

- 1) Each oral presenter is given 20 minutes including 15 minutes for presentation and 5 minutes for questions and answers.
- 2) A PC projector will be made available at Harmony Hall. Laptop computers can be used with this projector. Presenters are asked to bring a laptop computer which has a DB15HD port for external display and can run on 100V AC through a two-prong-socket.
- 3) Presenters should go to Harmony Hall 15 minutes before their session starts, introduce themselves to the session chairs, and check that their presentation works with the provided equipment.

For presenters in poster sessions

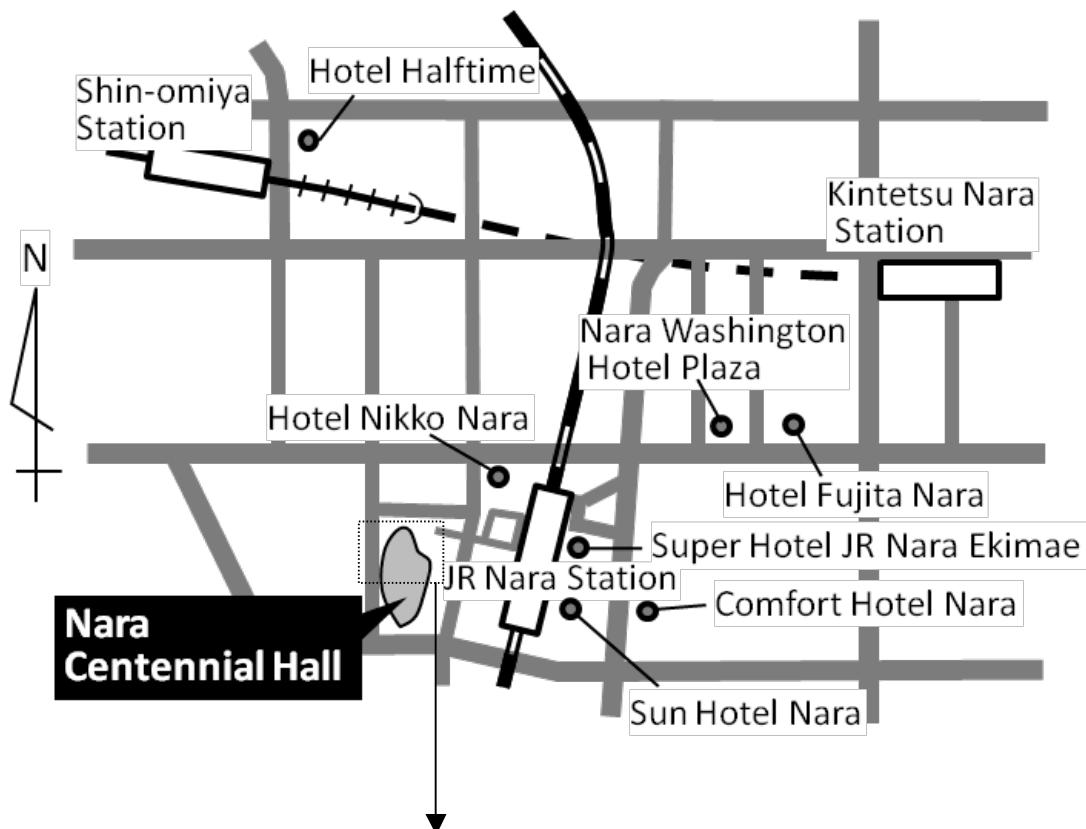

The poster session will be held at Harmony Hall Foyer from 15:00 to 16:30 on Monday and Tuesday, and from 14:40 to 16:10 on Wednesday. Presenters are encouraged to spend most of the time at their poster during their 90-minute-session. Presenters are requested to observe the following points:

- 1) A poster board of the size of 1,800-mm (width) x 1,200-mm (height) will be provided to each poster presenter. Pictures and labels should be large enough to be read at a distance of approximately 2 meters. To find your board, look for your paper number in the final program attached on the board. We will provide thumbtacks (drawing pins) for tacking the poster(s) to the board.
- 2) To enable participants to view your work more closely during the afternoon sessions, we request presenters to prepare their posters during the lunch break, and after the poster session, they can leave posters in place during all sessions in the afternoon. Please be sure to remove them by the end of the afternoon sessions.

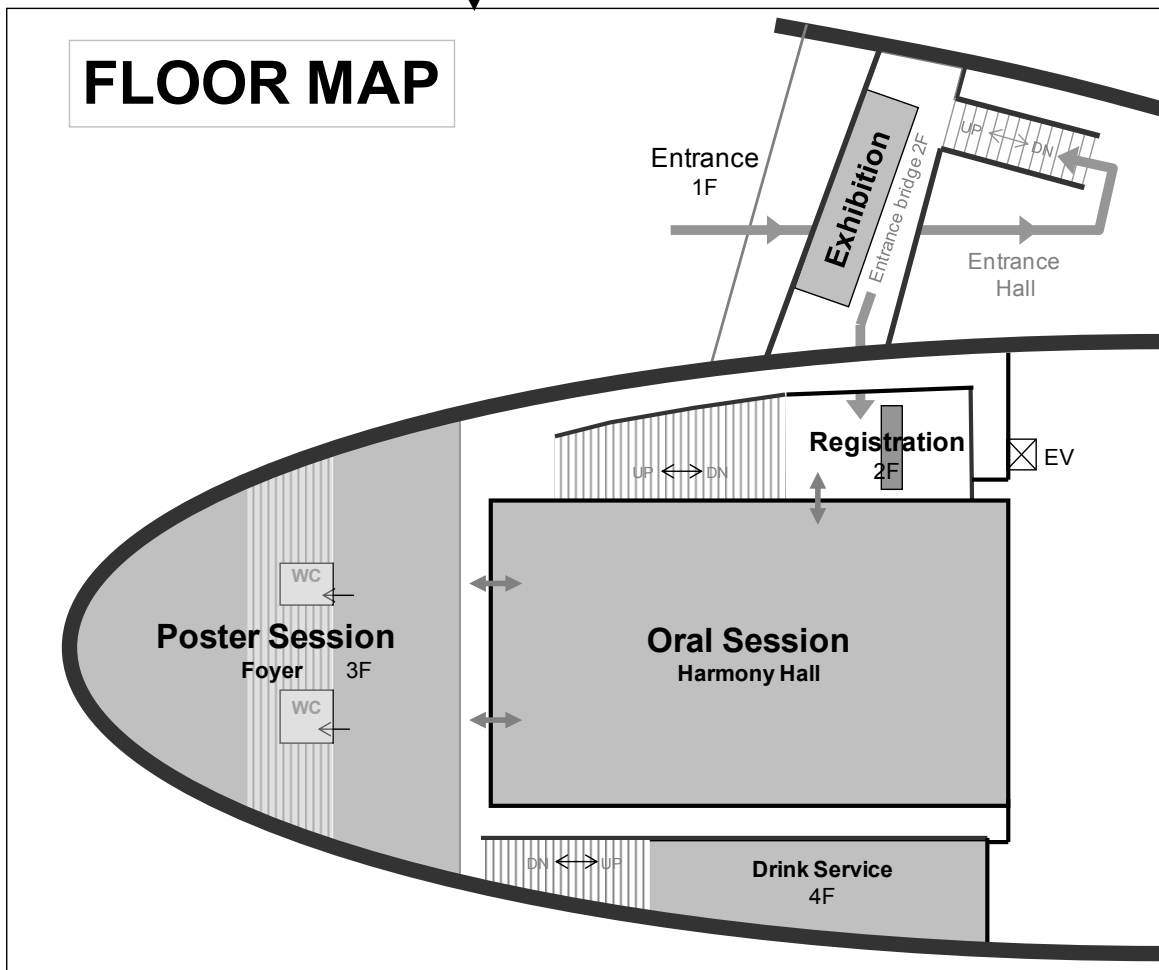

For session chairs

- 1) Please make sure to arrive at Harmony Hall at least 15 minutes before the start of the session.
- 2) Make sure that all the presenters for your session are there at the start and introduce yourself to them.
- 3) All presentations are 20 minutes long including question and answer period and computer swapping time.

Guideline for paper submission

Prospective authors are encouraged to submit a PDF and **electronic source files (TeX/Word files, figures, authors' photos and biography)** of an original, unpublished manuscript in to the following address by **November 7, 2011**.

IEICE online submission URL: https://review.ieice.org/regist_e.aspx

1. Authors should choose the “[Special-ED] Machine Vision and its Applications” as a “Type of Issue (Section)/Transactions” on the online screen. Do not choose “[Regular-ED] Information and Systems” or other special sections.
2. Send “Signed Copyright Transfer and Page Charge Agreement” and “Confirmation Sheet of Manuscript Registration” to the following contact person by postal mail, FAX or E-mail until **November 7, 2011**. We cannot start the review process without them, even if we receive the manuscript.

Manuscript should be prepared according to the guideline given in the “Information for Authors.”

http://www.ieice.org/eng/shiori/mokuji_iss.html. It is recommended that the lengths of a paper and a letter for this special section are within 8 and 2 printed pages, respectively. The manuscript must be augmented from the one published in the conference proceedings.
